PROFESSIONAL SUMMARY

Motivated and detail-oriented **Data Analyst fresher** with knowledge of Python, SQL, Excel, Power BI, and data visualization. Skilled in cleaning, analyzing, and interpreting datasets to identify meaningful trends and insights. Interested in transforming raw data into actionable business insights through dashboards, reports, and analytical techniques. Currently pursuing MCA with a specialization in Artificial Intelligence and looking for an opportunity to begin a career in Data Analytics.

TECHNICAL SKILLS

Programming & Query	Python, SQL, Basic Java, Basic C
Data Analysis	Pandas, NumPy, Matplotlib, EDA, Data Cleaning
Visualization	Power BI, Microsoft Excel, Data Visualization
Database	MySQL, PostgreSQL, Oracle
Tools	Jupyter Notebook, VS Code, Git & GitHub
Other	Statistical Analysis, Data Interpretation, Reporting, Dashboard Development

EDUCATION

Master of Computer Applications (MCA) — Specialization: Artificial Intelligence
XYZ University, Gujarat | 2025 – Present

Bachelor of Computer Applications (BCA)
XYZ College, Gujarat | 2022 – 2025 | Percentage: 59%

INTERNSHIP EXPERIENCE

Data Analyst Intern — ABC Analytics Solutions, Ahmedabad
May 2026 – June 2026

- Collected and cleaned datasets using Python and Excel.
- Used Pandas and NumPy for data preprocessing and analysis.
- Performed exploratory data analysis to identify trends and patterns.
- Created interactive Power BI dashboards for business reporting.
- Used SQL queries to retrieve and analyze data from databases.
- Prepared analytical reports and presented key findings.
- Identified missing values, duplicate records, and inconsistent data.

PROJECTS

Sales Data Analysis & Power BI Dashboard (Python, Pandas, SQL, Power BI, Excel)

- Analyzed retail sales data containing customer, product, sales, and regional information.
- Cleaned and transformed raw data and performed EDA to identify sales trends.
- Created an interactive dashboard covering revenue, profit, monthly sales, products, and regions.

Customer Churn Analysis (Python, Pandas, Matplotlib, Power BI)

- Analyzed customer data to understand factors affecting churn.
- Performed data cleaning and exploratory analysis and created churn visualizations.
- Developed a Power BI dashboard to present customer churn insights.

Student Performance Analysis (Python, Pandas, NumPy, Matplotlib, Excel)

- Analyzed marks, attendance, study hours, and academic performance.
- Studied relationships between attendance, study time, and student performance.

- Created charts and generated insights for identifying students needing support.

CERTIFICATIONS

- Python for Data Analysis – Online Certification
- SQL for Data Analysis – Online Certification
- Microsoft Power BI Fundamentals – Online Certification
- Excel for Data Analysis – Online Certification

KEY STRENGTHS

Analytical Thinking • Problem Solving • Attention to Detail • Quick Learning • Communication • Team Collaboration • Data-driven Decision Making

LANGUAGES & INTERESTS

Languages: English, Hindi, Gujarati

Interests: Data Analytics, Business Intelligence, Artificial Intelligence, Data Visualization, Machine Learning
